Minutes of Meeting

Date: 24/02/25

Agenda: Research Methodology Workshop for Students

- As per the discussions held during the special sessions on the implementation of the 4th year of the UGCF program conducted by the University on 10th February 2025 and subsequently on 19th February 2025, a Research Methodology workshop is to be organized for 3rd-year students who did not opt for the Research Methodology paper in the VI semester.
- Since these students will be taking the Research Methodology paper in the upcoming semester and are expected to begin their research work concurrently, the objective of the workshop will be to familiarize them with the research process and the identification of research problems, enabling them to initiate their research projects effectively.
- It was decided that a Google Form will be circulated to gather information about the intentions of 3rd-year students regarding their continuation into the 4th year of the program.
- Based on the responses received, the workshop will be scheduled towards the end of the semester.
