Alumni Networking

Are you satisfied with the efforts taken by the College to connect with its Alumni?

54 responses

Tell us about your college experience with SGGSCC

Tell us about a memory that reminds you about the good old carefree days spent in GGS.

25 responses

Spending time in the canteen after the daily basketball practice with all my friends

The day of my admission

The BEGGARS POINT

Time spent at beggars

Time spent at Richers and Beggars point

I would continue to cherish the effort made by my Economics Teacher to understand the lesson thoroughly

How closely we worked with fellow members at Equal Opportunity Cell during the college days.

Beggars point and Richers point

Missing lectures and having coffee at richers

Sooooo many. Bunking classes and playing cricket

Sitting at Beggars and chilling. Begging teachers for a free period so that we can work for our clubs/societies

Beggars points

There are many instances which remind of carefree days spent.

Richer's Point, Beggar's Point, Table Tennis Room, Canteen, and Auditorium.

Library, Gurudwara Lawn, NSP, Richer's & Beggar's Point

Beggars Point, Canteen Food, The Gurudware

Placment

Walking through those Red bricked corridors and the good old fest days.

Hanging out at beggars point

Cricket Ground and Beggar's Point

I enjoyed studying in the library very much. The access to many books there was fascinating for me.

Everything was fine. Specially Nirmal and Late Avtar sir.

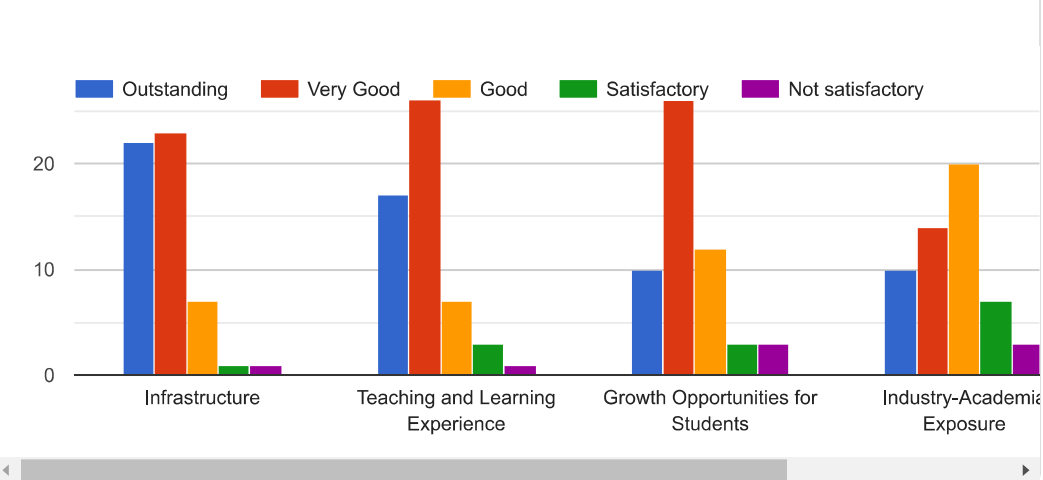

I was a Core member of many societies in my college and miss working with the commerce department teachers specially their guidance. Apart from this I exclusively miss the opportunities with the Placement cell and Enactus. Everything about the college is worth missing.

Awesome experience, great faculty and lush green campus

Beggars point :)

Please rate the following areas of the College as per your opinion

Please share your experience and memories of college being associated or part of any society/ club/ extra curricular activity or achievement.

14 responses

Manchanta the dramatic society

Wonderful experience being an Executive Member of Equal Opportunity Cell

I was placement coordinator for 3 years which helped me improve my project management skills

I am joint secretary of our Alumni Association and involved in so many ways with college and alumnus. I have developed Alumni website as well as single handily printed Alumni magazine.

I was the president of Jaagriti- The Enabling Unit. It was my honor to serve the community and help the disabled students in any possible way.

I worked with the commerce society and worked as a core Committee for convention held.

Richer's Point, Beggar's Point, Table Tennis Room, Canteen, and Auditorium.

Organizing mock stock events - FIC

Part of dramatics society for a brief period

I was among the founding members for iVogue

I served as the editor in chief of the college magazine, Amrit and was also a member of the Finance & Investment Cell

Enactus- Senior Project head of Amber, Joint Secretary of Urja(The commerce society), Placement coordinator- Placement cell

Learned various new things as a member of Enactus club.

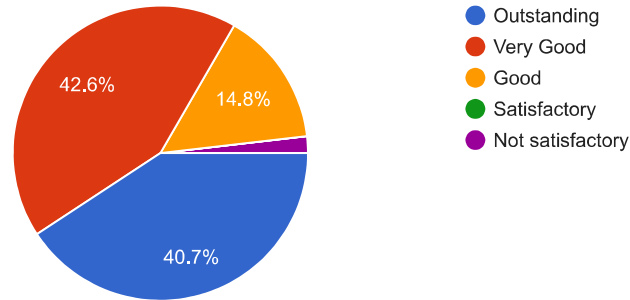

Was associated with Finance club and started Mock Stock event which is continued each year now

How would you rate your overall experience in the College?

54 responses

Give us a suggestion on how to improve the overall college experience for the new batches

13 responses

I want all the teacher to teach in English medium if even a single student could not understand Hindi. In my days, besides couple of application to principal to be taught in English medium, none of the teacher made an effort except my Economics Teacher.

Introduction of more competition and activities between different courses of college.

Apart from bookish knowledge, I think following practical courses/seminar shall be a must - Communication Skills, MS Office, Handling Interviews and GD, Value of Thinking Big, Civic sense, Team player and above all a Good Human Being

I believe the college should loosen certain restrictions for the students to enjoy a little more of their college life.

Provide more off the job training courses and real life experiences

Push Placement Cell to new heights and focus multiple and different types of job profiles

Improve industry exposure and involve students in more co-curricular activities (Societies, etc.)

Better study related projects providing applications of theoretical concepts in the real world

Nothing, everything is outstanding about GGS

There should be more sessions for students to learn industry ready skills such as programming languages (SQL, Python), Market research, Data visualization (tableau, power BI), Data science tools etc to propel their career right after college

There should be some sort of motivation for students to attend classes rather than attendance. Digital learning's and self paced digital learnings should be promoted. Elections for the union should not be bias. More awareness about campus placements should be promoted.

Working opportunities under teacher mentorship programs can be uplifted more. Progressive societies and educational submits should be promoted.
