

EMPLOYERS FEEDBACK SUMMARY

Placement Session 2018-2019

The **Training and Placement Cell** of **Sri Guru Gobind Singh College of Commerce, University of Delhi**, serves as an interface between the students and the corporate world. The Placement Cell started its activities in 2005 to institutionalize the process of summer training and final placements of the students. Today, the placement cell not only provides opportunities to students for their placements but also helps them in grooming up their personalities by organising various interactive training sessions.

The cell has achieved great placement targets in the previous years and has maintained its relations with all its employers. Each year the cell invites all suitable companies for campus placements and takes pride in the companies that visit our campus. Many companies like Ernst and Young, KPMG, Bain and Company, Tresvista, Deloitte and many more have been satisfied with the student pool and knowledge of our students and have been one of our employers for many years at the same time many new companies join our list of employers every year.

This session saw the participation of 26 renowned companies with some new partners like Dell, Grant Thornton and many other making 200+ offers over 12 varied sectors. The number of offers procured by the students observed an increase of around 30 percent over the previous year. The highest package offered this year was 7 LPA by Zycus. This year had been nothing short of success for placements opportunities for its students by providing them with a thriving platform and pre-eminent exposure.
