The annual Year Book of the college for academic year 2017-18 imbibes academic and corporate achievements of our faculty and students. The impeccable reputation that the "Year Book" enjoys amongst the academic fraternity will once again get its just recognition through this edition.

Our college combines the rigors of education with fun of creativity. This gets manifested at different platforms like dramatic society, cultural functions, academic debates, annual function, etc. The "Year Book" is also one such platform where students' creativity is captivated. As before its clearly demarcated sections on Teachers' and Students' Achievements and a galaxy of photographs, have always attracted viewers' attention. The student society reports, cultural and academic activities, awards and honours, seminars and departmental achievements are well covered in this edition.

Despite our college specializing in Commerce, Economics, Business Economics, Computer Science, International Marketing and Business Journalism, our students and faculty possess finer sensibilities towards creativity and responsibility towards society. This edition encompasses all these facets of college life and motivates other students to emulate the achievers.

I congratulate the Year Book Team for their brilliant effort in putting together the wonderful pearls in one thread. The path they have developed will guide our future generations toward enlightenment.

**Dr. Jatinder Bir Singh**  
Principal

# *Message from the Chairman*

**S. Bhupinder Singh Anand**

Sri Guru Gobind Singh College of Commerce is a premium commerce college of Delhi University. From its inception in 1984 by Delhi Sikh Gurdwara Management Committee, the college has come a long way in imparting excellence in education. It has created a distinct niche for itself in higher education in India by preparing the students to meet the challenges of a knowledge-based society and carve opportunities for themselves globally.

The College endeavours to provide opportunities for the maximum realization of the talents of its students. Over 40 academic and cultural societies help to develop creativity and critical problem solving attitudes. In addition to the classrooms equipped with the latest technology, the well maintained playing field serves diverse learning needs of the students. This year the college is adding a Girls' Hostel to its infrastructure with all the amenities to ensure a healthy growing environment for the outstation students. The expansion of parking facility and establishment of solar and wind panels are all commendable. The college has also added a new computer lab for the students.

I congratulate the Principal Dr. Jatinder Bir Singh along with the faculty and staff members for another successful year towards our goal of making students good human beings and responsible citizens who live their lives with dignity. I also congratulate all the stakeholders, especially the Convener of the Annual Day Committee, for working tirelessly towards honouring student achievers in academics, sports and co-curricular activities, and bringing out this Year Book.

**S. Bhupinder Singh Anand**  
Chairman, Governing Body

# *Our Chief Guest for the 34<sup>th</sup> Annual Day*

**S. Sukhbir Singh Badal**

I extend my heartiest congratulations to the college for reaching another landmark in their commitment to provide transformative educational experience for the students. Its focus on deep disciplinary knowledge, problem solving, innovation, creativity, leadership and entrepreneurship can be seen in the students' and faculty achievements for the year 2017-18.

The college facilitates collaborative environment for free exchange of ideas across numerous academic and cultural forums, clubs and societies. These vibrant learning opportunities ensure that students achieve their full potential. The moral and ethical values envisioned by the college guide the students through their life.

The college has continued to expand its infrastructure to meet the technological demands of the fast evolving global economies. Classrooms are fully equipped with latest technologies and laboratories are well maintained. The college has made its significance felt in the sporting circuit in Delhi. Addition of Girls' Hostel, from the next session, is another step forward in college's endeavour to ease the teaching-learning process.

I thank the principal Dr. Jatinder Bir Singh for inviting me and congratulate the faculty members, students and staff members for working tirelessly towards designing new ideas and devising new ways of understanding. I wish the students gain a sense of what they want to do with their gifts and talents, assessing their values, and learning how they can best serve the world.

**S. Sukhbir Singh Badal**

Formal Deputy Chief Minister of Punjab

# ENHANCEMENT OF COLLEGE FACILITIES

## NEW COMPUTER LAB

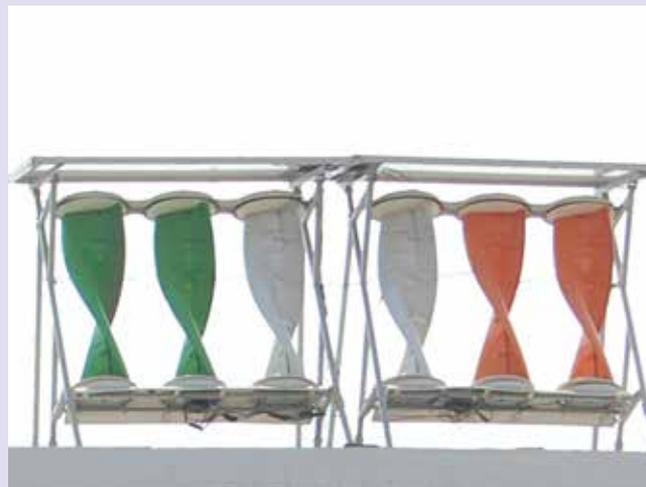

Keeping in line with the importance of Information and Communication Technology based teaching and learning, the College established a new Computer laboratory. The lab was inaugurated on 15 January 2018 by Capt. L.S. Behl. The lab is installed with 46 Personal Computer systems which are of i3 7th generation and i7 6th generation. The operating system installed is

Windows 10 Pro, 64 Bit. The computer systems are enabled with Wi-Fi and LAN connectivity with 8GB RAM. There are two latest technology printers and a projector with has wireless connectivity.

## SOLAR POWER INITIATIVE

In order to further strengthen its commitment to conservation of environment, the College this year opted for various alternative sources of energy. A number of high quality solar panels have been set up to cater to energy requirements of the college. To begin with, it is ready to be used for water heating for the girls' hostel, but would soon be expanded to replace other conventional sources of electricity. The college has also established wind panels for saving electricity and opting for clean energy. The college has always endeavoured to be at the fore of innovation, and already has 20 solar lamps operational for the last 7-8 years for lighting the campus. The current solar and wind panels are going to augment the capacity of energy generation within the college premises.

## GIRLS' HOSTEL

The college is ready with its state-of-the-art girls' hostel with 43 well-equipped rooms. The hostel will be able to house 130 outstation girl students from the next academic session. Each room is air conditioned and furnished with a set of 3 beds, cupboards, chairs and tables. Every floor has a laundry room and drinking water facility. The hostel will use solar power for water heating. The hostel provides multiple recreational spaces that include a girls' common room and a lounge. Indoor sports like chess, carom and other board games facilities would be available to the students. Round-the-clock mess will serve delicious and nutritious food to the students. The hostel will also have lush green lawns in the premises and ground for various outdoor sports that would ensure overall development of the students. The girl students would be well cared for under the guardianship of an experienced warden. The premises will be guarded by three full-time duty guards. In addition, three attendants and three safai charis karam will be available to assist the residents.

## PARKING LOT

This year saw the successful concretization of the parking lot of the college. With the gravelling of the parking space, the college campus now has the parking capacity for 130 vehicles. The parking of staff and guests' vehicles has become easier with the expansion of the parking area. In addition, the college has laid the foundation of the rain water harvesting system. For the purpose, ground drainage system has been spread and one of the pits for water collection has already been set up. The inter-linkage of reservoir and drains is in progress and the network would be soon operational.
