

Report on World Book and Copyright Day Celebration

23rd April 2025

To commemorate World Book and Copyright Day, **the Library Committee, in collaboration with the Internal Quality Assurance Cell (IQAC), organized a special event at Sri Guru Gobind Singh College of Commerce on April 23, 2025.** The celebration aimed to promote a passion for reading and writing, while raising awareness about the significance of copyright among students, faculty, and staff.

The event began with the felicitation of our respected Principal, along with the two distinguished guest speakers: Prof. Sunanda Bharti, Professor of Law at Law Centre-I, Faculty of Law, University of Delhi, and Ms. Jasmehar Kaur, Life Coach, Motivational Speaker, Author, and Founder of Quantum Life By Design. This was followed by an inspiring welcome address delivered by our Principal, setting the tone for an insightful and engaging session.

The first session, titled "**Copyright, Not Copy-Paste**", was led by **Prof. Sunanda Bharti**, who offered a comprehensive overview of essential copyright topics. Her talk covered key areas such as copyright exceptions, fair dealing, and Creative Commons licenses. Her insights emphasized the importance of respecting intellectual property rights in today's digital age.

The second session, "**Judging a Book by Its Cover**", was delivered by **Ms. Jasmehar Kaur**, who shared her transformative journey from an avid reader to a published author. Her story highlighted the power of reading in unlocking creativity and self-expression, leaving the audience deeply inspired.

Both sessions provided valuable knowledge and motivation, deepening participants' understanding of copyright laws while encouraging the development of strong reading and writing habits.

The overwhelmingly positive feedback from attendees reflected the success and impact of the event, marking it as a memorable and enriching experience for all involved.

We extend our sincere gratitude to our visionary Principal for his unwavering support and encouragement, which continues to inspire us to initiate meaningful and educational programs like this one.
