

About Enactus SGGSCC

Enactus SGGSCC, since its inception in 2012, has been dedicated to empowering students to change the world through entrepreneurial action. With a strong team of over 90 members, the society has undertaken 12+ impactful projects over the years, consistently striving to address pressing social and environmental issues. Currently, we are driving our two flagship initiatives—Project Seher and Project Zariya—while continuously exploring innovative solutions to tackle global challenges.

OUR PROJECTS

PROJECT SEHER

Project Seher addresses the dual challenges of food waste and malnutrition by transforming surplus and discarded food into value-added and eco-friendly products.

Through decentralized innovation and community-led action, the project builds a circular economy model that uplifts vulnerable communities while promoting environmental sustainability and local self-help groups strengthen its impact by enabling the production of FSSAI approved nutraceutical superfood kits, sustainable biofuels, and chemical-free cleaning agents.

By creating livelihoods and ensuring inclusive development, this project supports 11 out of the 17 United Nations Sustainable Development Goals (SDGs), conducting 48 food distribution drive, impacting 14926 lives, demonstrating that waste, when reimagined, can nourish lives, fuel economies, and sustain communities.

OUR PROJECTS

Zariya PROJECT ZARIYA

Project Zariya tackles plastic pollution by building a structured system for collection and recycling, turning discarded plastic into accessibility aids and sustainable products that give independence, mobility, and dignity to the visually impaired.

It addresses two key issues: the environmental damage caused by unrecycled plastic and the lack of affordable, dignified tools for the visually impaired. By creating smart canes, recycled sunglasses, and other solutions, Zariya reduces waste and carbon emissions while also supporting waste workers with dignified livelihoods.

This project supports 11 out of the 17 United Nations Sustainable Development Goals (SDGs), impacting 930 lives. Zariya stands as a model of inclusive and sustainable development serving people, planet and our shared prosperity.

OUR RECOGNITION

Enactus SGGSCC has presented their products to the Chief Minister of Delhi, Ms. Rekha Gupta, and the Minister for Environment, Food and Industries of Delhi, Mr. Manjinder Singh Sirsa. The society was felicitated by the government of Delhi during the 75th Van Mahotsav, and in recognition of its impactful work, received a Letter of Appreciation from the Health Minister Mr. Pankaj Kumar Singh. Our products have been recognised by the Khadi Board of India, Ministry of Food, and the Solar Society of India for our efforts in promoting sustainable practices and rural innovation

ENVISION 25'

The society organized its flagship event, ENVISION 25', which turned out to be a resounding success, attracting a footfall of over 2,500 participants. The event witnessed participation from students representing 60+ institutions such as IIT Delhi, IIM Bangalore, etc across the country, making it a truly diverse and competitive platform. Alongside the SocioPreneur business plan competition and an inspiring speaker session by Mr. Ankur Warikoo, the event also featured interactive stalls, engaging activities, and networking opportunities.

OUR

ACHIEVEMENTS

1

National Winners at Ecopreneurs hosted by **Delhi Technological University**.

2

Recognized as **National Winners** at Prerna'24 by **Fore School of Management**.

3
