

# **Infinity – The Technological Society, SGGSCC**

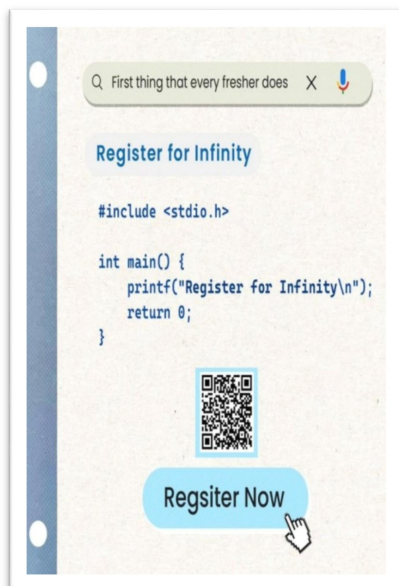

## **Annual Report 2024-25**

***“Technology shapes the way we think, learn, and grow. It allows us to innovate, solve problems, and explore the future together.”***

Infinity, the Technological Society of Sri Guru Gobind Singh College of Commerce, remains a hub for innovation and technical learning. Through its initiatives, Infinity nurtures curiosity, sharpens technical acumen, and provides students with the skills to thrive in an ever-changing digital world.

### **Recruitment :**

The academic year began with a recruitment drive in September 2024. The process drew strong interest from students across all batches. After a rigorous evaluation, **more than 40 bright and passionate individuals** were selected, who now form the backbone of Infinity's projects and events.

### **Event 1: Valorant Gaming Tournament (September 14, 2024)**

Infinity kicked off its tenure with an action-packed Valorant Gaming Tournament. The event attracted **50 participants across 8 competitive teams**, turning the college auditorium into a digital battlefield.

Participants demonstrated not only their gaming reflexes and strategies but also critical skills such as teamwork, communication, and problem-solving under pressure—qualities that resonate with the technological and professional world.

The high-energy matches drew a lively audience, with peers cheering for their favorite teams. The tournament was more than just about winning; it showcased how esports foster collaboration and

quick decision-making, bridging the gap between gaming and real-world skills. The event set an enthusiastic tone for the year, engaging both gamers and spectators alike.

## **Event 2: Cyber Security Week (October 7–11, 2024)**

Infinity hosted a **week-long flagship initiative** to spread awareness about Cybersecurity. The event combined expert insights with interactive competitions:

- **Seminar:** *Understanding Cybersecurity Basics and Preventing Phishing Attacks* by **Mr. Sushil Singh**, Principal Architect at Bharti Airtel.
- **Quiz Quiver:** A knowledge-based competition testing awareness of digital threats.
- **Cyber Canvas:** A graphic design competition on Cybersecurity themes.
- **Data Defender:** A data analysis challenge promoting secure handling of data.

The event attracted **250+ participants** from institutions like IIT Roorkee, IIT Madras, and IIM Rohtak. **Cybersecurity Awareness Brochure** was also launched to educate students on best practices for online safety.

**Infinity Presents**

**Cyber Security Awareness Week**

October 7th, 2024	Seminar
October 8th, 2024	Quiz Quiver
October 9th, 2024	Cyber Canvas
October 10th, 2024	Reel Shield
October 12th, 2024	Data Defender

## Cybersecurity Awareness Week at Sri Guru Gobind Singh College of Commerce

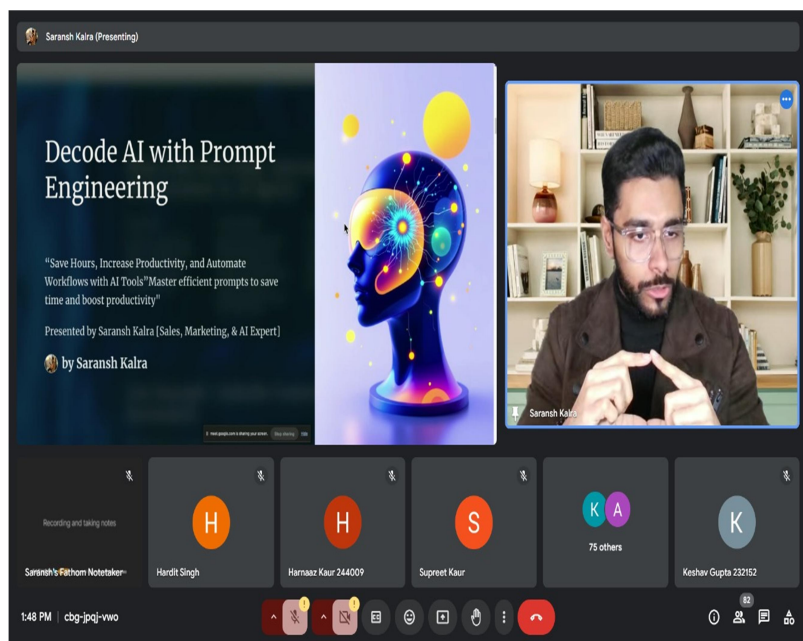

Infinity, The Technology Society of Sri Guru Gobind Singh College of Commerce (SGSCC), recently hosted its much-anticipated Cybersecurity Awareness Week, a series of exciting events held from October 7th to 11th, 2024. The event drew a large number of students and cybersecurity enthusiasts, offering a mix of online and offline activities aimed at enhancing their skills and understanding of the dynamic world of cybersecurity. The week kicked off with an engaging seminar focused on Understanding Cybersecurity Basics and Preventing Phishing Attacks, delivered by Mr. Sushil Singh, Principal Architect in Enterprise Security and a Cybersecurity Expert at Bharti Airtel. Prof. (Dr). Jatinder Bir Singh, the Principal of SGSCC, highlighted importance of Cybersecurity domain. Dr. Supreet Kaur Sahi, Assistant Professor in the Department of Computer Science and the convener of Infinity, highlighted different government initiatives in direction of Cybersecurity. Dr. Vandana Kalra, Associate Professor in the Department of Computer Science and the co-convenor of Infinity, gave the vote of thanks. The team along with the faculty members, made the event a great success. Around 250 students from different universities and institutes like IIM Rohtak, IIT Roorkee, University of Delhi, IIT Madras etc participated in this one-week event. Prizes are also given to winners of different competitions based on cybersecurity awareness. These engagements have significantly contributed in raising awareness and interest in Cybersecurity among academic community.

### Event 3: Prompt Engineering Workshop (February 12, 2025)

Infinity explored the frontiers of **Artificial Intelligence** through a hands-on workshop led by **Mr. Saransh Kalra**, CEO of Level Up Excellency. The session introduced students to **Prompt Engineering** with tools like **ChatGPT, Claude, and Gemini**, emphasizing their applications in automation and problem-solving.

With **100+ participants**, the workshop gave students firsthand exposure to the growing importance of AI in modern workspaces and encouraged them to creatively engage with emerging technologies.

### **Event 4 Gaming Fest (February 19, 2025)**

Designed to blend **learning with recreation**, the Gaming Fest provided students with an engaging way to explore technology. Highlights included:

- **Typing Tests** to encourage digital proficiency.
- **Technology Quizzes** to test awareness of computing concepts.

With **70 enthusiastic participants**, the fest created an interactive and enjoyable environment, reinforcing Infinity's belief that technology can be both fun and educational.

## Outlook

Infinity remains committed to building a community where **technology, creativity, and learning intersect**. By hosting interactive events and cutting-edge workshops, the society continues to equip its members with in-demand skills while fostering an environment of collaboration and innovation.
