

INFINITY - THE TECHNOLOGY SOCIETY, SGGSCC ANNUAL REPORT (2022-23)

Infinity- The Technology Society of Sri Guru Gobind Singh College of Commerce, University of Delhi is a consortium of Tech Mavericks from all courses that aims to ensure that the youth are given the expertise necessary to become skilled and knowledgeable about technology.

For the session 2022-23, Infinity organised the following –

Virtual Tour of the campus

We created a 360° virtual tour of the entire college campus with IQAC. Some of the key attractions we explored included classrooms, computer labs, lecture halls, amphitheatres, shooting ranges, gymnasiums, and conference rooms. We received overwhelming feedback from the freshers and teachers.

Retro tech

In August, 2022, we commenced a new monthly series, focusing on current tech titans and their histories. We have examined a number of tech behemoths, including Apple, Google, Microsoft, and Amazon, and plan to continue providing a closer look at these conglomerates through extensive research.

Quiz on Apple

We organised an online quiz on Apple's September event and their products on our Instagram stories. The quiz attracted a lot of participants because it was entertaining and participatory.

Sports tech

This year we have also worked on covering technology that is employed in our favourite sports. As interest in the role of technology in contemporary sports grew, we received great feedback for this series and we intend to keep developing it. Tech facts Our coverage of tech news was featured on our social

media pages. We wanted to provide everyone with a new perspective and keep them informed about the developments in our nation.

QTI-APA (In-person quiz)

This year we also organised QTI-APA, an entertaining quiz for college students. In the amphitheatre, we conducted the two-round quiz. The top 3 competitors received awards. Due to the candidates' engaged participation and the event's extremely enthusiastic reception, it was a success.

Interactive Stall

We set up an interactive booth with entertaining games during the 2022 Diwali Mela for everyone to enjoy. Students flocked to participate in big numbers, and the winners were also given tech prizes.
